SINGLE COPY, 10c

Smith Will Direct Port And Harbor

by Adoree Shortle
Echo Staff Writer

Dr. Michael R. Smith was named director of the Port and Harbor Commission Thursday night by unanimous decision of that board.

Smith, who is a native of Oxford, Miss., has had 11 years experience in engineering research, contract negotiation and program management. For the past five years he has served as president of the consulting engineering firm working in the areas of aerospace, agricultural, civil, chemical, industrial, mechanical and environmental engineering.

As a licensed commercial pilot, he has also spent more than four years as a flight test engineer-pilot on aircraft and agricultural research for the Federal Aviation Administration and the U.S. Department of Agriculture. Smith received a Bachelor of Science degree in Agricultural Engineering from Mississippi State University, a Masters Degree from Clemson University, and was graduated from Mississippi State in 1970 with a Ph.D. in engineering. He has had extensive field and research experience in the aeronautical-agricultural engineering fields, and in 1970-71 Smith was coordinator of the multi-disciplinary research program at NASA-MTP for Mississippi State University.

He said he would also like to see a more favorable climate toward the Port and Harbor operation. Smith said he is aware of a prevalent feeling of dissatisfaction with P & H progress, although he feels the impression erroneous.

"Port and Harbor development is much further along than most people realize," he said. "The great amount of hurricane relief funding and post-Camille help have precipitated greater construction progress than the original master plan anticipated," he explained.

The original Michael Baker Master Plan for Port and Harbor development was set forth for a 25 to 30 year period. Much of the development will be completed well before that length of time, Smith said.

Contracts have been let and construction nearing completion for the shallow water channels, shortline railroad, main and access roads, water, sewerage and utility lines and water tower.

Smith said, "The Port and Harbor is just now in the final stages of construction on the basic facilities needed by industries considering locating here."

Only now, he feels, can the commission begin to look forward to aggressively pursuing industrial growth at the Industrial park. With typical caution, by "now" he meant in the next six months when all construction is completed.

DR. MICHAEL R. SMITH, newly appointed director of the Port and Harbor Commission, is shown in a photograph. He is standing in front of a large circular seal or logo, which appears to be the official seal of the Port and Harbor Commission. He is wearing a suit and tie, and is smiling at the camera. The background is dark and indistinct.

Supervisors Ratify Smith Appointment

Hancock County supervisors ratified a Port and Harbor Commission resolution Tuesday naming Dr. Michael R. Smith, director of the Port and Harbor.

The resolution, which was adopted by the P & H Commission Thursday night, stated that Smith was to be employed on a permanent basis at an annual salary of \$13,500 effective February 22, 1972.

Board President Dolph Keller welcomed Smith into county employ and expressed the board's approval of his appointment.

In other Port and Harbor business, a resolution was approved to purchase four tenths of an acre of land adjacent to the Port and Harbor industrial park from the International Paper Co. to provide a drainage easement for the Shortline Railroad.

Architect Fred Wagner presented a report to the supervisors on proposed expansion of the County Welfare building, necessary for the implementation of the food stamp program. Additional office space could be provided by extensive interior changes, Wagner said, which could be accomplished without excessive cost.

Supervisors passed a motion to obtain three bids on the job immediately, dispensing with the usual procedure of advertising for three weeks and ten days. The measure comes under emergency procedure as the building must be ready for occupancy by the end of June when the food stamp program is expected to begin.

district basketball championship.

A motion proposed by Beat one supervisor Jerry Ladner was passed unanimously to present Mrs. Giles a plaque for her volunteer work in the county.

Additional signs giving directions to county dumping areas were requested by county sanitary land fill superintendent Richard Tarver.

Tarver, who is authorized to issue citations to persons guilty of dumping refuse and litter in unauthorized places, told supervisors that he was getting complaints from those he had cited, because of a lack of sufficient signs and accessibility of dumping areas.

Tarver also stated that the public seemed unaware of the health and sanitation laws governing the disposal of dead animals and livestock. Most of the trouble he has encountered with illegal dumping of refuse and dead animals he said has been in the lower portion of the county. He added that a number of people have been coming into Hancock from neighboring counties to dump dead animals "almost at the side of the road."

States and county ordinances decree that dead animals must be buried by the owner in a suitable place.

He asked that additional signs be erected all over the county indicating dumping sites as most residents are reluctant to travel miles to the only sanitary fill.

Beat four supervisor H. B. Zengerling told the superintendent that there is a pit open on the old Highway 90 and that permission has been received from NARA to use the pit, which is a seven acre area. Zengerling said he will erect signs indicating directions to the pit which is on the Kiln-Burn Road about one-half mile west of Highway 43.

Beat three supervisor Oscar Peterson said he had encountered difficulties from beach front property owners when he attempted to comply with a request by the Bay St. Louis Cleanup and Beautification Committee. Peterson asked for clarification of position on beaches before he proceeded further.

Robert Boudin and Roger Davis, representing the Bay St. Louis Jaycees told supervisors that the organization was concerned about the status of the Jackson Ridge project.

(Continued on page 12A)

The Mississippi Power Company will shortly begin a project to change all the old 2500 watt street lights in the City of Waveland to 7000 watt mercury vapor lights, according to City Clerk Dan Campion.

The project has been initiated and will be conducted by the Power Co. and was approved through a motion passed by the city council at a February 1 meeting.

The new lights will be installed at the rate of 30 per month, Campion said and the project also includes installation of two each 42,000 lumen amber lights at each corner of the five railroad crossings in the city.

Bay Officials Disagree On Beach Development

Future plans for beach road redevelopment were at a standstill Monday night when the Bay city commission could not agree on whether to allow commercial or recreational construction.

The area in question is the property east of the beach road from DeMontfaucon Ave. to the L & N railroad tracks. Mayor Warren Carver, who favors a recreational facility on that property, introduced a resolution to have the city Planning and Zoning Commission study the proposal and make recommendations to the council.

Commissioner William Frisbie opposed Carver's resolution saying that "the city

has no funds for this sort of project." Frisbie also emphasized that commercial construction would be more beneficial to the city than a recreational park. Carver argued however that a park would do much to help the retail businesses on Main St. Commissioner Andre Arceneaux voted in favor of the mayor's resolution because, "I am not against rebuilding there, but I think some prior planning is necessary to make buildings conform to a certain pattern."

All but one of the businesses built east of the beach road were destroyed by Hurricane Camille. The remaining building at the end of Court St. was destroyed by fire in 1971.

One local businessman recently began construction on that side of the beach, the first attempted since the hurricane.

Mayor Carver introduced a resolution authorizing him to contact the Mississippi Research and Development Center to study beach front development. The resolution passed with Arceneaux in favor of it but Frisbie against.

In other business a request to make Main St. one-way east from Highway 90 to the beach was approved for a 30-day trial period. Lucien Raymond Planning and Zoning Commission secretary said that the action would relieve the bottleneck at Highway 90 and Main.

N.O. Engineering Firm Solicits County Work

by Adoree Shortle
Echo Staff Writer

A representative of de Laurel Engineers, Inc. approached Hancock supervisors at a recessed meeting Tuesday

soliciting the appointment of the firm as consulting engineers for development of the Port and Harbor deep water channel.

George Williamson told supervisors that his company was familiar with water and drainage problems existing in certain areas of the county and that the firm has served as consulting engineers in other counties.

Williamson said de Laurel was now working in Pass Christian and had engineered the Biloxi marina. He stated that the firm was offering to undertake a study of water, sewerage and drainage problems in Hancock County and would be willing to take the feasibility study to Washington in an attempt to negotiate a federal grant program tailored to the county's needs.

Although Williamson spoke only of water and drainage problems county-wide and in particular inhabited areas such as Shoreline Park, the resolution was directed totally

to the Port and Harbor Commission and the deep water port facility.

The resolution stated in part, "Whereas, there is need for a master plan of development of the deep water port facility as plans for initial construction of facilities in order to satisfy the long time requirements."

Whereas, de Laurel Engineers, Inc. is a firm which has been engaged in public works and water and sewerage engineering and planning work.

Engineering services as outlined in the resolution include: studies, preliminary plans and reports, master plans, detailed plans and specifications for construction of deep water port facilities.

All of which have been executed and are on file in the Port and Harbor office.

The resolution in essence called for a contract between the Port and Harbor Commission and de Laurel for the firm to perform complete engineering services related to the development of the deep water channel in the industrial park.

Beat one supervisor Jerry Ladner raised the question of conflict with engineers now under contract with the Port and Harbor as well as the county. Although de Laurel Engineers has been under contract for some time as consulting engineers for the Port and Harbor project, which includes supervision of the deep water port development, Williamson advised supervisors that his company was working on the same project under the terms of the resolution would in no way conflict with Frisbie or any other engineer.

Williamson said he had conferred with county attorney Rubie Griffin prior to the meeting and that Griffin had assured him that there would be no encroachment.

Both Frisbie and de Laurel are New Orleans firms. Griffin said to remove any possibility of conflict, he would change the last item of the resolution which superseded and abrogated any acts of this board or its predecessor in conflict with the resolution, to provide "that the county attorney shall advise that there are no existing engineering contracts for the said work."

The board agreed to consider a contract that Williamson would draw in conference with Griffin, which would authorize de Laurel engineers to make detailed plans and studies for the Port and Harbor facility, and to pursue federal funding for the work. Engineers and attorney's fees are separately paid out of grant funds.

News Briefs

EPISCOPAL WOMEN
Women of Christ Episcopal Church will meet in Virginia Hall Wednesday, March 1, following the 10 a. m. Communion services.

A covered dish luncheon will follow. Nursery will be provided in the rectory.

All women of the church are invited to attend. Those unable to attend the meeting are asked to attend the luncheon.

Waveland Will Get New Lights
The Mississippi Power Company will shortly begin a project to change all the old 2500 watt street lights in the City of Waveland to 7000 watt mercury vapor lights, according to City Clerk Dan Campion.

The project has been initiated and will be conducted by the Power Co. and was approved through a motion passed by the city council at a February 1 meeting.

The new lights will be installed at the rate of 30 per month, Campion said and the project also includes installation of two each 42,000 lumen amber lights at each corner of the five railroad crossings in the city.

Attention the lights is expected to begin in the next few weeks, Campion said.

Assembly Will Hold Revival Services
The First Assembly of God located on Arnold Street (between the Old Spanish Trail and Highway 90) in Waveland has scheduled a revival February 27 through March 2. These special services will begin at 11 a. m. and continue nightly at 7:30 p. m. as announced by the pastor, Rev. E. L. Stewart.

Evangelist Bob Rivers of Poplarville, Mississippi will conduct the services. In addition to his dynamic preaching, Rev. Rivers is an outstanding musician and singer.

Rev. Rivers, a native of Meridian, Miss., received his ministerial training at South Eastern Bible College in Lakeland, Florida. He has particularly been instrumental in conducting successful youth revivals. He is presently a Sectional Representative for the youth department of the Assemblies of God.

DR. MICHAEL R. SMITH, newly appointed director of the Port and Harbor Commission.

Civic Association Calls Special Meeting

An important special meeting of the Waveland Civic Association has been called for March 2 at Trapani's according to a joint announcement issued by Al Bernard, president and Archie Diebold, secretary.

Primary purpose of this special meeting is to finalize plans for the St. Patrick's Day ball which will be held in the National Guard Armory on March 4 in the evening and the St. Patrick's Day parade which will be held at 2 p. m. on March 15.

At the special meeting the 1972 decorations and traditional St. Patrick's Day vestments for the members will be issued. This special meeting does not replace the regular meeting which is scheduled for March 2.

Profile: County Engineer

by Adores Shortle
Echo staff writer

"It's going to make awfully dull reading," was Larry Seal's comment during the interview for this profile.

Rather than taking that remark as a direct reflection on the quality of my writing, I assumed that he meant it in regard to an account of his vital statistics. Name, age, rank, serial number . . . they ask crisply in war movies and that was more or less the response I got from Lawrence Seal, newly appointed Hancock county engineer.

The vital statistics I got . . . inside Seal, nobody gets. A carefully kept secret. One can venture guesses, answers one doesn't get.

As for the recorded facts, Lawrence L. Seal (don't ask what the L stands for) was born and reared in Piquette, a Mississippi all the way. A year at Pearl River Junior College was followed by three at Mississippi State, where he was graduated in 1956 with a B.S. in engineering.

Two more years with the U.S. Coast and Geodetic Survey, running hydrographic maps of the Eastern seaboard, particularly the coast of Cape Hatteras, which created a hazard to navigation. During World War II, he explained, few Americans were aware of the number of enemy vessels which came dangerously close to the

United States shoreline. The number of sunken ships attested to the proficiency of the U.S. Coast Guard, he added.

On completion of that duty, he returned to Mississippi for a four-year tenure with the state Highway Department as assistant project engineer on the interstate systems, working mostly out of Hattiesburg.

In 1962, he left the highway department to enter private practice as a consulting engineer. A partnership was formed with Buddy Broadway, creating a civil engineering firm with offices in Piquette. Eight years ago Seal was named county engineer for Pearl River County, and appointed to the same position for Hancock County in January this year.

There is a three-page, single-spaced directive outlining the duties of a county engineer, according to state statutes. It explains in detail all the things the engineer must and can do and a few things that he can't do. The number of things he must do is legion and would keep any man busy, even without his own practice. If Larry Seal has successfully discharged the duties of county engineer in Pearl River where he is well recommended, there is reason to believe he will perform just as satisfactorily in Hancock.

After 16 years in the engineering field he has seemingly developed an uncompromising set of principles, one of which decries "playing politics". An example came when the bid packages went out

for the beach road project. Seal studiously avoided any knowledge of which contractors had taken bid specs.

Why? "Because then I can truthfully say I don't know and that way I can't get involved or have any prior knowledge of who may be low bidder." A refreshing attitude in this day and time.

He is now in the process of preparing a program of proposed new construction on county roads and bridges, to be consummated under state aid and federal systems during the next four years.

Seal's four years with the state highway department will stand the county in good stead as he is well versed on expected standards for county roads as well as the machinations of the highway department and its officials. It's a good thing

COUNTY ENGINEER Larry Seal, left, and Assistant County Engineer Donn Murray.

someone is. One more statistic. He is married to the former Sue Brown of Montpelier, Miss. and his family includes two daughters, 11 and 14 years old.

French Class Learns More Than Language

Since travel abroad is becoming increasingly less expensive and therefore more available to today's students, the foreign language department at Bay Senior High emphasizes the culture and geography of France and Spain as well as the study of their languages.

Students of the first-year French classes this week completed work on projects which represent individual interests and creative effort, each focused on some aspect of France which has become familiar through class discussions, research, and the viewing of slides and photographs. The wide variety of subjects exhibited included an illuminated night view of an Alpine village, a model of the Louvre Museum, a stained glass window representative of Gothic architecture, a model of the Tuileries Gardens in Paris, decoupage and pencil copies of masterpieces by French artists, and models of the Moulin Rouge, the facade of Notre Dame, a medieval chateau in the Loire Valley, a street scene on Montmartre, a cafe with sidewalk tables, the Paris zoo, the Roman aqueduct at Nîmes, and the famous Mont St. Michel off the coast of Normandy.

On the wall of the classroom were displayed the white and gold fleur-de-lis flag of French royalty and the tricolor of the republic. French cuisine was represented by a real quiche Lorraine, a display of menus, cheese boards holding French cheese, and place mats decorated with Peanuts designs in French.

Pricelless Haviland dishes were featured in a display of china from the factories of Limoges, maps showed cities and geographical features of France, a framed photograph showed the interior of the Louvre, and posters exhibited the thoughts of noted French philosophers, a street map of Paris, and views of French home life. One of the most impressive displays was the model of the Louvre, which showed through skylights in the roof of each room some of the museum's treasures. Within which was the Mona Lisa, the sword of Charlemagne, the Crown of Louis XV, paintings by French artists, and soap-carved copies of the Winged Victory and the Mona Lisa.

Students participating in this annual spring event of the French department were Dawn Boudreau, Maria Loup,

Kathleen Stieffel, Denise Favre, Brenda Farrell, Kristin Frankiewicz, Cheryl Goetz, Candace Lader, Ruth Largent, Mark Lauderdale, Ronald Magee, Emily Mollere, Patricia Robinson, Penny Schilling, Randall Tartavouille, Libby White, Mike Wilkinson, Sam Wilkinson, Stephen Winnard, Ann Thornburg, Cathy Barkley, Debbie Daniel, Nancy Evans, Hank Fleishmann, Lealle Hamer, Connie Hayward, Dora Herrington, Vickie Horton, Cindy Ladner, Sherrie Ladner, Darlene Loft, Laurie Lynch, Debbie Marks, Vickie Ramsey, Maurice Raynaud, Andrea Ring, Linnea Scratching, and Dottie Viguerie.

Top honors were awarded by student and faculty judging committees to Dora Herrington and Linnea Scratching for their model of the Louvre; to Vickie Ramsey for the model of Mont St. Michel; and to Dawn Boudreau for her pencil copy of a painting by Courbet.

Other favorites of the judges were the exhibit by Laurie Lynch and Cathy Barclay, Emily Mollere and Cheryl Goetz, Maurice Raynaud, Maria Loup, Ronald Magee and Stephen Winnard.

A MODEL OF THE LOUVRE MUSEUM in Paris won first place honors for its creator, Dora Herrington and Linnea Scratching, Bay Senior High French class students. First-year French students' highly creative efforts, representing the culture and geography of France were judged by faculty and student panels.

SPECIAL MENTION was given to a papier mache model of Mont St. Michel and a French chateau, painstakingly made by Maria Loup and Maurice Raynaud for the Bay Senior High French class. The models were submitted as part of a class study of the culture of France.

Christ Episcopal Lenten Services

Tuesday-Thursday and Friday - Holy Communion in Rectory at 7 a. m. followed by Continental breakfast.

Wednesday 9 a. m. Bible study class in Rectory.

10 a. m. Holy Communion services in Church. Nursery will be provided in the Rectory.

7 p. m. meeting of Episcopal young churchmen in Virginia Hall.

8 p. m. choir practice.

Thursday - 7 a. m. Holy Communion in Rectory followed by breakfast.

6 p. m. Litany service in church with sermon by visiting clergyman followed by a covered dish supper in Virginia Hall.

Saturday - 10 a. m. Holy Communion in rectory.

Sundays - regular schedule.

Births

Mr. and Mrs. Leroy Perrone Jr. announce the arrival of their first child, a son, Christopher Michael, February 10, at St. Michael's Hospital. He weighed seven pounds, four and one-half ounces.

Mrs. Perrone is the former Charles Saucier, daughter of Mr. and Mrs. Walter Saucier of Bay St. Louis. Mr. and Mrs. Perrone are of Pass Christian and the paternal grandparents.

Blue Jeans Club Holds Meeting

Blue Jeans Garden Club met Monday afternoon in the home of Mrs. William Richardson with Mrs. Frank Klein Jr. conducting the business session.

Mrs. H. W. Duke, entertainment chairman, discussed the annual birthday party and the membership voted to attend the spring garden Pilgrimage in Bay St. Louis and Waveland and have lunch at Diamondhead March 15 in lieu of the Club's party March 24.

Mr. H.W. Duke presented the organization with a Garden of the Month plaque designed with the Club's colors blue and gold to be presented each month to the member receiving the Garden of the Month award.

The February award went to Mrs. William Richardson.

Mrs. Moffett read a pamphlet on care and feeding of rose

bushes and gave tips on purchasing plants.

Mrs. Klein appointed Mrs. C.F. Schwartz Jr. and Mrs. William Schaefer as co-chairmen of Garden of the Month awards committee.

Winners in the plant entries were Mrs. Honorine Hughes, horticulture division; Mrs. William Richardson, cultivated; Mrs. H.W. Duke,

dried; Mrs. A.M. Thomas, potted; Mrs. Klein, wild and Mrs. J.C. Goodloe, miniature.

There were 13 members attending the business session and social with Mrs. Richardson as hostess.

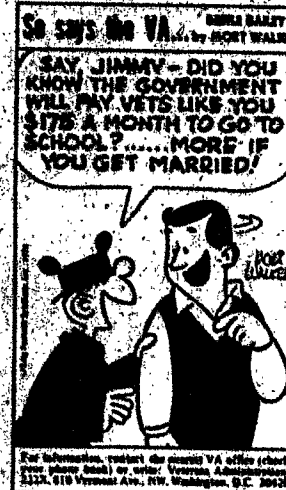

Mrs. Leonard Rupp and Mrs. Frank Gorgoran will be horticulture division; Mrs. William Richardson, cultivated; Mrs. H.W. Duke,

Parties Honor Miss McDonald

Miss Ellen McDonald, bride-elect of Robert Kane, was honored with a round of parties including a kitchen shower February 6 hosted by Mrs. Walter Rausch and Mrs. Robert Hamilton at the Rausch home; a party February 11 in Baton Rouge with Mr. Michael Russell as host; a linen shower and tea February 12 with Mrs. Sam Whitfield and Mrs. Richard Shadoin as hostesses in the Whitfield home; a dinner party February 18 in Baton Rouge hosted by Mr. and Mrs. Charles D'Agostino of Baton Rouge and Miss Martha Lynch of Waveland and a dinner party February 19 at the Omar DeBever home, South Beach Blvd., with Mrs. DeBever and Mrs. T.T. Robin as hostesses.

Miss McDonald and Mr. Kane will be married March 4 in the Main Street United Methodist Church.

STUDENT TEACHERS

The Spring quarter will see more than 375 education majors from the University of Southern Mississippi doing their student teaching in school systems which cooperate with USM in this work.

The student from Bay St. Louis teaching in Willys Rhodes; Katherine M. Parker, Bay St. Louis, teaching in Pental; Marcel J. Languland, Bay St. Louis, teaching at Hancock North Central; Garry L. Ladner, Pearl Harbor, teaching in Bay St. Louis.

Echoes

Harry Boyle, formerly of Bay St. Louis, now residing in Kelseyville, Calif., visited this week with relatives, the Alvin Gentin family, Robert Gentin, the Donald Corra and the Bill Necase family.

Mr. and Mrs. Lambert T. Boyd and his brother and sister-in-law, Mr. and Mrs. Kent Boyd of Kansas City, Kansas, spent the weekend in Miami, Fla., where they attended the Miami International Boat show.

Weekend guests of Mr. and Mrs. Robert Bing and family were his parents Mr. and Mrs. Herman J. Meier and an uncle and aunt, Mr. and Mrs. Bertram Kingston, all of New Orleans.

SPACE AERONAUTICS

MARS MARINER

WASHINGTON — While Apollo 15 was hurtling toward the Moon last month, a smaller, less glamorous American spacecraft was speeding toward Mars.

Still en route and traveling at more than 25,000 miles per hour, Mariner 9 is already well into the fourth month of its 167-day flight to Mars.

It was launched from Cape Kennedy May 30, and has traveled more than 170,000,000 miles in a curving path around the Sun that will take this unmanned spacecraft to a Mars intercept Nov. 18.

To get there on time and on the precise path, a small course correction is planned for late October. If all goes well, this should get the 2,200-pound planetary explorer into position for its planned orbit around Mars.

After injection into orbit, Mariner 9 will begin "mapping" about 70 per cent of the Martian surface with two television cameras. The spacecraft is designed to function, taking pictures and recording atmospheric and surface data for at least 90 days.

Just when we were getting used to a couple of space terms, apogee and perigee, meaning furthest and closest approach to the Earth during an orbit, we find these terms do not apply to a Martian orbit.

Mariner will make a far-reaching elliptical orbit with its closest approach to Mars, the perihelion, estimated at 530 miles, and its furthest approach, the aphelion, estimated at about 20,600 miles.

This type of space flight doesn't often generate the kind of excitement of an Apollo manned flight. We relate more easily to man than to a machine as sophisticated as the Mariner probe. But in scientific quarters throughout the world, the Mariner-Mars flight has stirred considerable excitement because it is, in this planet, scientific belief, which offers the most promise of some extra-terrestrial life-form. "Not animal life as we know it, but possibly some very low form of living organisms. We should have a better idea of this possibility late this fall.

Why Americans own 54 billion dollars worth of U.S. Savings Bonds.

One good reason is the Payroll Savings Plan. About three-fourths of all Bonds are purchased through the Plan. It's helping Americans save more money than they ever dreamed they could.

That's because the Payroll Savings Plan is such an easy way to save. All you do is sign up where you work and the amount you specify is set aside from each paycheck and used to buy U.S. Savings Bonds. It's the easy way to build a nest egg.

You've got your reasons to save money. There's one great way to do it painlessly. Join the millions who are buying Bonds the Payroll Savings Way.

Now it's time to pay \$1.19 interest when held to maturity of 3 years, 10 months or 17 years. The first \$1.19 is interest on \$100.00. Interest is not added to principal until maturity.

Take stock in America. Buy U.S. Savings Bonds.

Happy anniversary greetings go to Mr. and Mrs. Sam Haas Jr. on February 22 on their 24th anniversary.

A speedy recovery is sent to Jimmy Travira who is in Biloxi Hospital. Jimmy was in a wreck last week. Hope to see you up and around soon, Jimmy.

Good luck to Hancock North Central boys who will travel to Lauderdale this week to compete in the South Mississippi basketball playoffs. They have only one defeat on their record for the year, and we hope that they can keep this record.

Lenten devotions are held at Annunciation Catholic church in Kiln and at Infant Jesus of Prague in White Cypress on Friday nights at 7 p.m. The public is invited to attend.

Jimmy Jones and Wayne Dillberto of Hammond, Louisiana were visitors last Saturday in the home of Jerry Mitchell and family. Jimmy is a cousin of Jerry.

Birthday greetings go to Ruth Haas on February 24th. Happy Birthday Ruth.

Those attending the State Catholic Youth Organization Convention in Jackson this past weekend were Sharon Mitchell, Rhonda Haas, Maydens Shyrou, Pam Mautray, Keith Hoda, Johnny and Anthony Nease and Lois Ray Knight. They represented Annunciation Parish. They also received the award for the "Most Improved C.Y.O." This was representative of the whole state of Mississippi, and covered the many activities which are conducted or sponsored by the C.Y.O. Congratulations to the members and their sponsors who worked for this award. Chaplains for the weekend were Bishop John J. McElroy, John Christopher, Father Pierre Hissay and Royce Shyrou.

Club Awards Garden Winner

Lakeview Garden Club met last Thursday at Gulf National Bank's Civic Room with Mrs. Henry Kothman, president, presiding.

It was announced Garden of the Month plaque for January went to Mrs. Virginia McElroy and to Mrs. Frank Peterson for February.

The annual social for members and guests to be held in April and the May Day show were discussed.

Mrs. Kothman named the following officers for the year: Mrs. Irene McElroy, H. W. Dyer, President; Mesdames Johnny Dyer and Monroe James and Thomas McElroy, Vice Presidents.

Winners of flower entries in the various divisions were Mrs. K. L. Brinkley and Mrs. McElroy, 504-2-1111; Mrs. William Richardson, 504-2-1111; Mrs. Craft, 504-2-1111; Mrs. William Schaefer, 504-2-1111; Mrs. Schaefer, 504-2-1111; Mrs. Schaefer, 504-2-1111.

There were 12 members attending Mrs. Brinkley and Mrs. Oscar Bethas, 504-2-1111, home. The March meeting will be held in the home of Mrs. Moffett.

Annunciation School News

On Wednesday, February 16 the Annunciation PTA held its regular meeting in the School Cafeteria. Sister Joan Lorraine gave a report on the new class room aids which have been purchased recently.

The first grade won the room count for January meeting. A check for \$2.00 is presented to the class having the largest number of parents at the previous meeting. The money is used for class room aids.

On Saturday, March 4 classes for pre-schoolers will begin at 9:30 and end about 11:30 a.m. Anyone interested in these classes should contact Sister Joan Lorraine at 467-5889 or 467-5894. These classes are being conducted for children entering first grade next school year.

Annunciation girls basketball team won the game with St. Rose on Thursday February 17 and the boys lost. Both teams will play Christ Episcopal Day School on Thursday, February 24, at 6:30.

The seventh and eighth grade room mothers held a bake sale on Saturday morning at Kiln Supermarket.

The next monthly meeting is on March 15 and at this time the school children will present their annual science and art exhibit. All parents are invited to this affair which is very important to their children.

Waveland Notes

By Mrs. Della Wendling

We welcome to Waveland Mr. and Mrs. Clyde Martin and Little Charles from Texas. They are new residents on Fourth St. Mr. Martin is in the T.V. business and a country and western musician.

Pete and Pam Lee and daughter, former residents of Fourth Street, have moved to Grand Bay, Ala. where they recently purchased a new home new home. Mr. Lee is employed with Ingalls.

Echoes

Mr. and Mrs. Joe Hazelwood, the former Erin Heitzmann, and daughter Lori of Corpus Christi, Texas, visited last week in New Orleans with her brother Roger Heitzmann and family and with relatives and friends in Bay St. Louis.

Mrs. Azalea Hale, Mrs. Hettie Warden, Miss Janice Valverde and Mrs. Edyth Pritchett of Pascagoula visited with Mrs. Hale's relatives on Tuesday.

Mr. and Mrs. James Domingue and children of Gretna, La., and Sister Norma Garcia, Sisters of St. Joseph, Baton Rouge, visited over the weekend with their brother and sister-in-law Mr. and Mrs. Levens Garcia and their mother, Mrs. Ethel Garcia, who is at the home of her son and family recuperating from a fractured ankle and leg.

Legal notices

NOTICE TO BIDDERS

Notice is hereby given that the Board of Trustees of Hancock General Hospital will receive sealed bids to be filed with the administrator, Hancock General Hospital, on or before 7:30 P.M. March 21, 1972, for the following items, to-wit:

- One (1) each gas fired double deck convection oven. Standard finish to be Blodgett No. FA102 or an approved equal.
- One (1) Frozen Food Cabinet, approximately 42 cubic feet, self-contained, with set of four stainless steel pedestal legs with adjustable feet, to be Koch MF-23 or an approved equal.
- One (1) 3 1/2 ton, self-contained air conditioning unit complete with flexible, insulated sound absorbing duct, thermostat for heating and cooling. Quote price for: 1. Unit, duct and thermostat. 2. Unit, duct, thermostat and installation. Unit to be Holly No. SC-42MH or approved equal.
- Aluminum canopy, drawings and specifications to be obtained in the office of the administrator, Hancock General Hospital, Bay St. Louis, Mississippi.

Additional specifications and instructions may be obtained in the office of the administrator, Hancock General Hospital, Bay St. Louis, Mississippi. All envelopes are to be marked "Sealed Bids".

Your attention is called to House Bill No. 55 of the regular Legislative Session for 1970 which act repealed the Mississippi Fair Trade Act.

The Board of Trustees reserves the right to reject any or all or any portion of all bids.

Rev. Charles R. Johnson, President
Board of Trustees
224, 22, 35-72

Legal notices

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Board of Supervisors of Hancock County, acting for and on behalf of the Supervisor's District Number 3 of said County and State, will receive sealed bids at the Courthouse in the City of Bay St. Louis, Hancock County, Mississippi, until 10:00 o'clock A.M., on the 20 day of March, 1972, for the purchase and/or rent by it for and on behalf of said Supervisor's District Number 3 of the following property, to-wit:

One or more articulated front end loaders with 1 1/2 yd. Buckets, 4 cylinder, 4 cycle, 425 cubic inch 4 1/2" bore 6" stroke diesel engine developing 80 H.P. at 2200 R.P.M. with direct electric starting system and using No. 2 fuel oil as prescribed by the factory. Single lever on left side of steering column controls both speed and direction. Twisting the lever handle provides four forward speeds and three in reverse. Moving the lever forward or back controls forward and reverse. A safety lever locks the transmission control in neutral. With raise, hold, lower and float positions on bucket control arms. Automatic kickout and bucket positions adjustable to desired loading angle. Hydraulic system sealed with valves enclosed in reservoir. Vane type pump with 33.1 G.P.M. output. With a breakout force of 15,890 lbs., 15.5 x 25 x 12 ply tires and four wheel caliper type disc brakes. Fully enclosed cab with windshield wiper group.

In purchasing said equipment the Board reserves the right (1) to take advantage of the provisions of Section 2437 of the 1942 Code of Mississippi, as amended by Chapter 248 of the 1950 Laws of the State of Mississippi, and pay therefor in installments, and when the amount of the notes is determined, at the said meeting public bids will be accepted for the sale of the said notes thereof, or (2) to take advantage of the provisions of Sec. One, Chapter 196, page 402 Laws of Mississippi, 1952, and to hire or lease the same, or (3) to pay cash in its discretion.

The Board of Supervisors reserves the right to reject any and all bids. Published by order of the Board of Supervisors of Hancock County, Mississippi, dated the 15th day of February, 1972.

John D. Rutherford, Jr.
Clerk, Board of Supervisors
224, 22, 35-72

"Rubber Check"

"Your check bounced." When Harry heard this news from the neighborhood garage man, his first reaction was embarrassment. But embarrassment turned to dismay when the garage man started criminal proceedings against him. The charge: passing a worthless check.

"The fact remains," replied the garage man, "that he did give me a check that was no good. That itself is illegal."

"But the court tossed out the charge against Harry. The court said he lacked the criminal intent that is an essential ingredient of the crime."

As a rule, giving a check that bounces is not a crime if the person honestly expected it to go through. But he must have a reasonable expectation, not just a pious hope. Consider this case:

An all promoter, trying to sell stock to an investor, thought the deal was almost sewed up. Counting on some quick cash, he wrote a large check to cover various expenses. But the deal fell through and the check bounced.

Was this a criminal offense? A court said yes, because the promoter had no solid basis for expecting his check to be good. "Mere hope," said the court, was not enough.

Suppose the person expects just the opposite; that his check, although good when he wrote it, will be bad by the time it gets to the bank. Thus:

A man wrote a check for \$25 while he still had \$100 in his account. But he knew perfectly well that he had already written several other checks which would wipe out the \$100.

A court ruled afterward that he was indeed guilty of an offense. The court said that matter was not the situation at the time he wrote the check but the situation at the "moment of truth"—when the check was presented at the bank for payment.

College Night Planned At Senior High

This Tuesday night from 7 to 9:30 the Bay Senior High School Guidance Department is sponsoring the second annual College Night at the Senior High School.

Approximately twenty of the surrounding colleges have been invited to participate in the program. All sophomores, juniors and especially graduating seniors of Hancock County Schools, along with their parents are invited to attend this important program. The evening will provide an excellent opportunity for the parents of graduating seniors to speak with college representatives pertaining to college curriculum, loans, scholarships, and the actual cost of their son or daughter attending a college or university.

For further information, please call 467-6611 or 467-9237.

Azaleas Bloom At Bellingrath

The big spring show of azaleas is now on at Bellingrath Gardens.

Thousands of azalea plants in nearly every variety have burst forth into full bloom sweeping the gardens with a dazzling mass of brilliant color.

This year, according to Fred W. Holder, general manager of the gardens, the showing is "most spectacular", and he urged all flower lovers to visit the gardens as soon as possible.

The beauty of Bellingrath Gardens at azalea time has become widely known and annually many visitors pour into Mobile to combine a trip to the gardens with a tour of Mobile's famous Azalea Trail.

The gardens are located on 60 landscaped acres at Theodore, just south of Mobile, and are open every day of the year.

NO WAY

With the cost of living so high these days, a great many people find they can't afford to work for what they're worth.

STATE OF MISSISSIPPI
COUNTY OF HANCOCK
NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 31st day of May, 1966, Frank Richard Klingensmith and wife, Nancy Rider Klingensmith, executed a deed of trust to J. Ruble Griffin, Trustee, to secure an indebtedness therein mentioned to Charles H. Johnson and wife, Gerald Samrow Johnson, which deed of trust is duly recorded in Vol. 115, pages 117-118, Records of Mortgages and Deeds of Trust on Land, Hancock County, Mississippi; and

WHEREAS, default having been made in the payment of said indebtedness and the said Charles H. Johnson and Gerald Samrow Johnson, the legal holders of said indebtedness, having requested the undersigned trustee to foreclose on said deed of trust for the purpose of paying said indebtedness and costs;

NOW, THEREFORE, I will on the 7th day of March, 1972, within legal hours, offer for sale and sell to the highest bidder for cash at the front door of the Hancock County Court House in Bay St. Louis, Mississippi, the following described real property described as follows, to-wit:

Lot 11, Block 2, Jeff Davis Place, Fourth Ward, Town of Waveland, Hancock County, Mississippi, as per the official plat of said subdivision filed in the office of the Clerk of the Hancock County, Mississippi, on May 4, 1954, and recorded in Vol. 117, page 211, Deed Records of Hancock County, Mississippi.

Together with all and singular the rights, privileges, improvements and appurtenances to the same belonging or in any wise appertaining.

I will convey only such title as is vested in me, as trustee.

ADVERTISED, POSTED AND DATED this 10th day of February, A. D. 1972.

J. RUBLE GRIFFIN,
TRUSTEE

SUBSTITUTED TRUSTEE'S NOTICE OF SALE

WHEREAS, on April 5, 1965, Arnold Carver and wife, Margaret Carver, executed a Deed of Trust to Herbert R. Ginsburg, Trustee, for the benefit of Jim Walter Corporation, which Deed of Trust is recorded in Book 106 at Page 113-114, in the office of the Chancery Clerk of Hancock County, Mississippi; and

AND WHEREAS, this Deed of Trust was assigned to Mid-State Homes, Inc., by instrument dated January 25, 1965, and recorded in Book 108 at Page 283, in the office of the Chancery Clerk aforesaid;

AND WHEREAS, the owner and holder of the aforesaid Deed of Trust has duly substituted and appointed William S. Guy as Substituted Trustee in the place and stead of the aforesaid original Trustee, by instrument dated January 31, 1972, and recorded in Book 159 at Page 211, in the office of the Chancery Clerk aforesaid;

Gardeners Plan Special Project

Garden Club through the HANDS program, Chairman for the HANDS program, Mrs. A. E. Voss, and Mrs. M. Russell, in cooperation with the Bay St. Louis Garden Club, have planned a special project for the coming year. The project is to plant a garden in the area of the old school building, which was destroyed by fire last year. The garden will be a memorial to the school and will be a place where children can learn about gardening and the importance of plants.

The Merry Golds Junior Garden Club of Bay Junior High School held a commemorative ceremony recently in observance of Arbor Day. Three Chinese elm trees were planted in a corner of the school yard with a brief ceremony attended by members of the club.

Bay-Waveland Garden Club and W. J. Cameron, Junior High principal, in whose honor the trees were dedicated.

The ceremony marked the beginning of the 1972 landscaping project for the school, sponsored by the Bay-Waveland

SMITH APPOINTMENT...

(Continued from page 1A)

Kellar explained that the project had been held in abeyance by the state Parks and Recreation Dept. pending a change-over in directors. Kellar said that Buddy Medlin as director, had been instrumental in getting state assistance for the development of the park, but little had been done on the project since Medlin's termination in that position. Boudin said the Jaycees were not trying to interfere in any way but that as they felt Jackson Ridge would be of inestimable value to Hancock County they were offering their assistance to expedite the park's development so that it wouldn't be lost.

Kellar said the board would greatly appreciate any help the Jaycees could extend in the matter. In January 1971 the former board passed a resolution leasing the land for Jackson Ridge to the state, in order to develop a public park and water recreation facility. The state will assume development costs and 40 percent of all revenues derived from the facility will be returned to the county.

In another matter, Chancery Clerk John Rutherford told supervisors that the county Paupers Fund was depleted. The Paupers Fund has no sustaining revenue other than the two mills assessed to that account, one used to operate the County Home and the other to be used for the food stamp program. The County Home, Rutherford said, requires about \$2,000 a month to operate and the food stamp program will require a minimum of \$24,000 annually.

Pilgrimage Offers Southern Hospitality

THE NEILL JEFFREY home at 705 North Beach Blvd. in Waveland will be the first stop on the Bay-Waveland Spring

Pilgrimage on March 15. These pictures show the home before (left) and after (right) Hurricane Camille.

Beginning at 10 a.m. on Wednesday, March 15, the Bay Waveland area will welcome visitors to the 23rd Annual Spring Pilgrimage sponsored by the Mississippi Gulf Coast Council of Garden Clubs.

These tours are free and visitors are asked to follow the order in which the homes are listed in the Pilgrimage brochures as the private homes will be open for limited times. During the morning, three

homes and one garden will be open. At 12:30 p.m. lunch reservation will be served at Diamondhead Country Club by reservations only. Deadline is March 13 by phoning 467-5053, Mrs. J. H. Duggan.

After noon visitors will be welcomed at one additional home, at St. Stanislaus College High School and tea in the Garden Center on Leonhard Avenue, with the Bay-Waveland Garden Club serving as

hostesses. The first stop of the day will be Waveland, the home of Mr. and Mrs. Neill Jeffrey at 705 South Beach Blvd. where coffee will be served. Miss Sandra Rayborn and Miss Kathryn Jeffrey will serve as tea girls and the hostesses in period costumes will be Mrs. Rudolph Vorbusch, Mrs. Walter Bentz, Mrs. Walter Russo, Mrs. James Richardson, Mrs. Ray Gordon, Mrs. Herbert Baron, Mrs. Fred Phillips, Mrs. Fred Miller, Mrs.

Wm. Wright, Mrs. Wm. P. Cairn, Mrs. Fred Wagner, Mrs. Talmadge Rayborn, Mrs. Norman Renshaw and Mrs. Jeffrey.

This home was built in 1970-71 to replace an 1883 Beach home destroyed by hurricane "Camille" and features materials from the destroyed home such as the original porch columns and railings and the antique matching fireplace mantels with 18th century Delph the fireplace facing.

POLICE REPORTS

A woman is in critical condition in a New Orleans hospital as a result of a two-car collision Monday afternoon at the intersection of Turner and Old Spanish Trail, Bay St. Louis.

Mrs. Ondine Corne, 404 Nocate Ave. in Waveland, was taken to East Jefferson Hospital where she underwent surgery for a skull fracture Monday night. Mrs. Corne was a passenger in a 1965 Plymouth driven by Francine Corne, 62, same address, who was also injured.

The driver and passenger of the other car, a '72 Ford Mustang, were also injured in the collision and were taken to Hancock General Hospital.

According to investigating Bay St. Louis police Harris Boudreaux and Alvin Favre, the two cars collided head-on as one attempted a left turn at the intersection. Driver of the Mustang was identified as William Schwartz, 25, of Spanish Acres estates and Alex Cospellch, his companion. Cospellch is a 39-year-old resident of Bayou Lacroix Road.

Police described the three as 1965 Continental German sedan, Edin Favre and Francine Corne as 1965 Continental German sedan.

VIGILANCE
Always bear in mind that freedom is an achievement—and like any other achievement it can be lost by indifference.

INSTALLMENTS
Tuition in the school of experience is not demanded in advance, but it's always collected somewhere along the line.

Sideline Club Elects Officers

FIFTH BIRTHDAY
Donald Pitato celebrated his fifth birthday with a party February 5 at the home of his parents Mr. and Mrs. Anthony Pitato Jr.

A cowboy theme was used in the decorations and on the birthday cake. Enjoying the occasion with Donald were Stephen and Stephanie Cuevas, Lince Cabell, Tina, James and Coco Poolson, Melissa Kersanac, Bill Poolson, Melissa Monti, Leslie and Kim Cuccaro and David Pitato.

Games were played and prizes won by Melissa Kersanac and Lince Cabell.

E.V. "Gus" Alme was elected president of the St. Stanislaus Sideline Club last week at the annual election meeting. He succeeds Gilbert Gayaut who served as president for the 1971-1972 term. Mr. Alme had formerly held the office of First Vice President.

Donald Strong, last year's Second Vice President, was elevated to the office of First Vice President.

The new officers took office immediately after the elections and were finished. All officers were elected by secret ballot for a term of one year, until

February, 1973. Other Sideline Club members in contention during the nominating were:

For President: Hank Stockman, who declined and Gilbert Gayaut.

For 1st Vice President: Donald Strong and Charles Johnson.

For 2nd Vice President: Randy Adam, Clyde Ladner and Hank Stockman.

The newly elected officers received congratulations of the membership. Outgoing president, Gilbert Gayaut, received the thanks of the members for serving, not only as a past president, but also as a former 1st vice president and 2nd vice president. Mr. Gayaut had been an officer in the club for the past five years.

PTA Plans Rummage Sale

North Bay Elementary School Principal Billy Sills announced that plans for a rummage sale are being formulated and the executive committee will advise the PTA as to the date and time. The committee is also in charge of advertisement arrangements.

Mrs. Robert McDonald suggested announcements concerning school bag purchases be sent to parents. It was also suggested that the PTA use this idea at the beginning of next year's school session as a means of raising funds for the organization.

A financial report given by Mrs. Ronald Verdon showed a balance of \$100 which represents yearly dues of 100 members at \$1 each. The membership committee is headed by Mr. and Mrs. Roger Stewart.

Mr. Sills said field day would be held April 21 and the

membership voted to have a bazaar on that day.

Mrs. Woody Allison's second grade room won the attendance prize for the month with Mrs. K.G. McCarty's class second highest in attendance.

Open house followed the meeting when parents were given an opportunity to visit the classrooms and meet the teachers.

The next meeting is scheduled for 7:30 p.m., March 2 in the school cafeteria.

All parents are asked to attend.

OFFICIAL NOTICE

SECTION 11-22 (8): COLLECTION OF TREE TRIMMINGS, HEDGE CUTTINGS, GRASS, LEAVES AND WEEDS
(a) Any person desiring to place tree trimmings or hedge cuttings or shrubbery of any kind for removal shall cause the same to be securely tied in bundles not heavier than 75 pounds, nor more than five feet in length, nor more than 18 inches in diameter. Not more than two bundles shall be placed for removal on any one collection day. The bundles shall be placed in the same place, time and manner as provided for garbage, only on regularly designated collection days.

(b) Leaves, weeds and grass will be considered as garbage and shall not be placed on the city streets or public rights-of-way in any manner other than in a regulation container as defined in subsection (b) of section 3. This refers to the regular metal, plastic, or fiberglass container.

(c) Trees, limbs and tree stumps not coming within the definition of garbage herein provided will not be removed by city collectors. The owner must cause this substance to be privately removed and in so doing shall not allow such substance to remain on the city streets or public rights-of-way for more than six hours.

SECTION 11-22 (9) NON-COLLECTIBLE RUBBISH
(a) Building debris such as plaster, roofing, concrete, brick-bats, and other such substances resulting from construction, repairs, or remodeling or any building or appurtenances on private property will not be removed by the sanitation department. The owner must cause this waste to be privately removed.

(b) Any person desiring to dispose of any waste, debris or rubbish from dwellings, business establishments or other places, due to regular business or from rebuilding or remodeling or new construction or other substance not coming within the definition of garbage herein provided and who desires to place the same between the curb line and the sidewalk line for collection by private collectors, or by himself, must securely tie, wrap or place the same in a container so that the substance cannot be scattered upon the streets. Such waste, debris, rubbish or other substance shall not be left between the curb and the sidewalk more than six hours.

Non-collectible rubbish shall not be mixed with collectible garbage or rubbish.

**"We are
such stuff as
dreams are
made on"**
W. Shakespeare

Life would be pretty dull if people couldn't dream. Take that boat you're always dreaming about. Just thinking about it makes you feel pretty good. But you won't just have to dream if you buy U.S. Savings Bonds. Because Bonds can make your dream boat a reality.

Now Bonds mature in less than six years. Which means maybe it won't take forever for your ship to come in.

Echoes

Mr. and Mrs. James P. Cousins had as guests last weekend for Nereida parade her son and daughter-in-law, Mr. and Mrs. James Waterhouse III of New Orleans.

Weekend guests of Mr. and Mrs. Henry Capdepone were their daughters Mrs. Lamar Bassett of Pascagoula and Mrs. W.L. Higgins and daughter Janice of Mississippi City.

BRIDGE WINNERS
Winners of games played Monday night in Gulf National Bank's Civic Room by Bay-Waveland Bridge Club were Dale Place and Mike Hunt, first; Mrs. Sidney Pugh and Mrs. Gerald Kennedy, second; and Mrs. Dale Pierce and Mrs. Herman Mazarakis, third.

Hall Of Fame

Stanislaus Will Induct Ten Members

Ten men will be inducted into the first annual St. Stanislaus Hall of Fame on March 11 to New Orleans at the Fontainebleau Motor Hotel. Jerry Forster, program director for WDSU-TV, will be the master of ceremonies for the banquet ceremony beginning at 7:30 p.m. The Hall of Fame is a project of the St. Stanislaus Alumni Association and induction will be on an annual basis.

The ten men to be inducted includes three deceased members and seven living members.

BROTHER PETER, S.C.

When an alumnus from 1910-1950 returns to St. Stanislaus and the subject of former brothers comes up, there is one name that is sure to be mentioned: Brother Peter. Brother Peter was first assigned to SSC in 1908, and from that date until he died his untiring efforts left an indelible impression on everyone who knew him.

Brother Peter was promoted to the presidency of St. Stanislaus in 1926 and served for three terms as president of SSC (1928-32; 1933-44; 1945-47). He made the school known nationally through his famous talks on "Boysology." Invitations to speak poured in with uninterrupted regularity throughout the remainder of his life. It took the hurricane of 1947 to take away most of the energy and activity of this untiring giant.

Afterward of the 1946 session he was elected to the SSC Hall of Fame. He was known to all as "Brother Peter" and nothing that science did could arrest the ravages that disease had made of his rugged constitution. He breathed his last on September 26, 1948, and was buried in the college cemetery at Bay St. Louis.

MR. FORSTER, COMM. MAGERE

In our day of specialized athletic coaching it is difficult to imagine one man handling the head coaching position of football, basketball, baseball and track in one school, but this was the job of Mr. Forster Commagere during his stay at St. Stanislaus. To evaluate his achievements, it is far wiser to let his record speak for itself. During no other period in its history did St. Stanislaus enjoy such consistent success in all the major sports.

Mr. Commagere came to SSC in 1916 and began his work in the development of the Stanislaus athletes. But his influence extended past the athletic field. His outstanding devotion to duty, his practical Catholic life, and example as a Christian gentleman inspired all. Many were the boys he helped over the rugged spots of adolescence. This solid body could be best summarized in the words of Mr. Commagere regarding one of the best athletes he trained: "The thing that pleased me is not his football as much as the fact that I have seen him grow into the fine, clean man that I know him to be, and realize his making him just that. I would rather have him the straight, Point football during the World War II era. While playing American if I had to choose, I

love that boy, and I am happy if I had the least influence in his life."

Forster died on September 15, 1950, and was buried in the Brothers Cemetery at St. Stanislaus.

BISHOP LEO FAHEY '14

Leo Fahey received his early education at St. Stanislaus, graduating in 1914. He also studied at St. Joseph's Seminary, Kenrick Seminary, and the American College in Rome, where he spent one year in Theology before returning to America. Leo Fahey was ordained a priest by Bishop Gerow in Bay St. Louis on May 23, 1920, and he was appointed as an assistant at Our Lady of the Gulf. On June 9, 1941, he was made pastor of Hattiesburg. Then on May 28, 1948, he was consecrated bishop and appointed Coadjutor Bishop of Baker City, Oregon.

His term as bishop was short-lived as he died in Baker City, Oregon, on March 31, 1950. Bishop Gerow in commenting on Bishop Fahey had this to say: "No priest in the diocese ever commanded more respect and admiration from the clergy than Father Fahey. He is universally loved by all who know him - both clergy and laity." St. Stanislaus can be justly proud to have in its Hall of Fame the only SSC alumnus to be consecrated a bishop.

JOHN "BABY GRAND"

John spent his early years in St. Stanislaus, graduating in 1910. He was a distinguished himself as both a student and an athlete. This is noted in his winning of the Scholarship Athlete Award as a senior. In looking back on his days at SSC, he thinks most often of the sparkings he got from Brother Peter which he appreciated, deserved, and should have had more of. He received a BA degree from Tulane and while at Tulane his honors in football grew - All Southern Guard (1931), All American Mentioned (1932) All Rose Bowl Guard (1932).

John played professional football for one season with the Washington Redskins. He spent sixteen years coaching and one of these was at his alma mater, St. Stanislaus. He then spent sixteen more years as mayor of Bay St. Louis.

COL. FELIX "DOC" BLANCHARD '12

Doc attended St. Stanislaus for his high school education from 1909-1912. The rise to football stardom started at SSC as he was named to the All-Gulf Coast Football Team. Graduating from SSC in 1912, he attended the University of North Carolina for one year. He then went to the United States Military Academy at West Point and established himself as the "Mr. France" of West Point football during the World War II era. While playing American if I had to choose, I

time All-American and Helaman, Sullivan and Maxwell Trophy winner.

After his graduation from West Point, Doc spent 20 years in the service as a pilot for the United States Air Force. He logged more than 5000 hours of flying time while stationed in Alaska, England and Thailand.

FIVE MONTHS AFTER HIS RETIREMENT FROM THE AIR FORCE

he accepted the position of commandant of the New Mexico Military Institute in Roswell, New Mexico. Norbert spent six years at SSC, graduating in 1930. He was a member of the St. Stanislaus Band under the direction of Brother Romuald Rohitaille, S.C., that won superior (first division) ratings in Concert, Marching, and Sightreading at the annual Mississippi State Band Festival every year from 1945-50. Norbert concluded his high school career at SSC as Captain of the band. In the spring of 1930, he served as co-director with his twin brother (Norman, now deceased) of one of the first jazz concerts to be presented by an all student band in a high school in the state of Mississippi. Norbert received his Bachelor of Music degree from L.S.U. and his Master of Arts from Teachers College of Columbia University in New York. He is presently completing his dissertation for the doctor's degree in music from the University of Iowa.

Norbert is married to the former Helen, daughter of the late Mr. and Mrs. J. H. H. H. They currently reside at 3749 Ave. in Hattiesburg, Mississippi. Since 1950, Norbert has been assistant professor of Music Education and trumpet teacher at the University of Southern Mississippi in Hattiesburg.

In reacting to his appointment to the Hall of Fame, Norbert said, "I am grateful to all those persons - too numerous to name - from all who have touched my life, and because they have made possible what successes I have enjoyed."

to the Hall of Fame. Norbert said, "I am grateful to all those persons - too numerous to name - from all who have touched my life, and because they have made possible what successes I have enjoyed."

While at Stanislaus he received letters in football, basketball and baseball, in addition to being a good student in school. In recalling his most memorable moment came when he broke the American Javelin Record in 1925 with a throw of 213 feet. He was also captain of the football, basketball, and baseball teams at SSC.

Zeke's career in professional baseball was quite remarkable.

He was the most valuable player in the Texas League in 1933. He played five years with the Chicago White Sox and with Washington in 1938, the New York Giants in 1940. He was drafted into the service in 1941. He was the most popular baseball player in Chicago in 1936 and 1937.

Zeke is now retired and does some Major League scouting in the summer. He raises beagle dogs and is the president of the South Louisiana Beagle Club in Port Sulphur, Louisiana. He is looking forward to his induction into the SSC Hall of Fame. His present address is 7441 Rensselaer St. in New Orleans.

MARCHMONT "MARCHIE" SCHWARTZ '27

Marchie attended St. Stanislaus for ten years, graduating in 1927. He went to Loyola of New Orleans and then on to Notre Dame where he obtained AB and LL.B. degrees. He played football under the famous Knute Rockne and was named an All-American in 1930 and 1931.

SMITH APPOINTMENT...

(Continued from page 1A)

Kellar explained that the project had been held in abeyance by the state Parks and Recreation Dept. pending a change-over in directors. Kellar said that Buddy Medlin as director, had been instrumental in getting state assistance for the development of the park, but little had been done on the project since Medlin's termination in that position. Boudin said the Jaycees were not trying to interfere in any way but that as they felt Jackson Ridge would be of inestimable value to Hancock County they were offering their assistance to expedite the park's development so that it wouldn't be lost.

Kellar said the board would greatly appreciate any help the Jaycees could extend in the matter. In January 1971 the former board passed a resolution leasing the land for Jackson Ridge to the state, in order to develop a public park and water recreation facility. The state will assume development costs and 40 percent of all revenues derived from the facility will be returned to the county.

In another matter, Chancery Clerk John Rutherford told supervisors that the county Paupers Fund was depleted. The Paupers Fund has no sustaining revenue other than the two mills assessed to that account, one used to operate the County Home and the other to be used for the food stamp program. The County Home, Rutherford said, requires about \$2,000 a month to operate and the food stamp program will require a minimum of \$24,000 annually.

FIFTH BIRTHDAY

Donald Pitato celebrated his fifth birthday with a party February 5 at the home of his parents Mr. and Mrs. Anthony Pitato Jr.

A cowboy theme was used in the decorations and on the birthday cake. Enjoying the occasion with Donald were Stephen and Stephanie Cuevas, Lince Cabell, Tina, James and Coco Poolson, Melissa Kersanac, Bill Poolson, Melissa Monti, Leslie and Kim Cuccaro and David Pitato.

Games were played and prizes won by Melissa Kersanac and Lince Cabell.

OFFICIAL NOTICE

SECTION 11-22 (8): COLLECTION OF TREE TRIMMINGS, HEDGE CUTTINGS, GRASS, LEAVES AND WEEDS

(a) Any person desiring to place tree trimmings or hedge cuttings or any other kind of removal shall cause the same to be securely tied in bundles not heavier than 75 pounds, nor more than five feet in length, nor more than 18 inches in diameter. Not more than two bundles shall be placed for removal on any one collection day. The bundles shall be placed in the same place, time and manner as provided for garbage, only on regularly designated collection days.

(b) Leaves, weeds and grass will be considered as garbage and shall not be placed on the city streets or public rights-of-way in any manner other than in a regulation container as defined in subsection (b) of section 3. This refers to the regular metal, plastic, or fiberglass container.

(c) Trees, limbs and tree stumps not coming within the definition of garbage herein provided will not be removed by city collectors. The owner must cause this substance to be privately removed and in so doing shall not allow such substance to remain on the city streets or public rights-of-way for more than six hours.

SECTION 11-22 (9) NON-COLLECTIBLE RUBBISH

(a) Building debris such as plaster, roofing, concrete, brick-bats, and other such substances resulting from construction, repairs, or remodeling or any building or appurtenances on private property will not be removed by the sanitation department. The owner must cause this waste to be privately removed.

(b) Any person desiring to dispose of any waste, debris or rubbish from dwellings, business establishments or other places, due to regular business or from rebuilding or remodeling or new construction or other substance not coming within the definition of garbage herein provided, and who desires to place the same between the curb line and the sidewalk line for collection by private collectors, or by himself, must securely tie, wrap or place the same in a container so that the substance cannot be scattered upon the streets. Such waste, debris, rubbish or other substance shall not be left between the curb and the sidewalk more than six hours. Non-collectible rubbish shall not be mixed with collectible garbage or rubbish.

Pilgrimage Offers Southern Hospitality

THE NEILL JEFFREY home at 705 North Beach Blvd. in Waveland will be the first stop on the Bay-Waveland Spring

Pilgrimage on March 15. These pictures show the home before (left) and after (right) Hurricane Camille.

Beginning at 10 a.m. on Wednesday, March 15, the Bay Waveland area will welcome visitors to the 23rd Annual Spring Pilgrimage sponsored by the Mississippi Gulf Coast Council of Garden Clubs.

These tours are free and visitors are asked to follow the order in which the homes are listed in the Pilgrimage brochures as the private homes will be open for limited times. During the morning, three

homes and one garden will be open. At 12:30 p.m. lunch reservation will be served at Diamondhead Country Club by reservations only. Deadline is March 13 by phoning 467-5053, Mrs. J. H. Duggan.

After noon visitors will be welcomed at one additional home, at St. Stanislaus College High School and tea in the Garden Center on Leonhard Avenue, with the Bay-Waveland Garden Club serving as

hostesses. The first stop of the day will be Waveland, the home of Mr. and Mrs. Neill Jeffrey at 705 South Beach Blvd. where coffee will be served. Miss Sandra Rayborn and Miss Kathryn Jeffrey will serve as tea girls and the hostesses in period costumes will be Mrs. Rudolph Verbusch, Mrs. Walter Bents, Mrs. Walter Russo, Mrs. James Richardson, Mrs. Ray Gordon, Mrs. Herbert Baron, Mrs. Fred Phillips, Mrs. Fred Miller, Mrs.

Wm. Wright, Mrs. Wm. Pilcaip, Mrs. Fred Wagner, Mrs. Talmadge Rayborn, Mrs. Norman Renshaw and Mrs. Jeffrey.

This home was built in 1970-71 to replace an 1883 Beach home destroyed by hurricane "Camille" and features materials from the destroyed home such as the original porch columns and railings and the antique matching fireplace mantels with 18th century Delphi tile fireplace facing.

Sideline Club Elects Officers

E.V. "Gus" Aime was

February, 1973. Other Sideline Club members in contention during the nominating were: For President: Hank Stockman, who declined and Gilbert Gayaut.

For 1st Vice President: Donald Strong and Charles Johnson.

For 2nd Vice President: Randy Adam, Clyde Ladner and Hank Stockman.

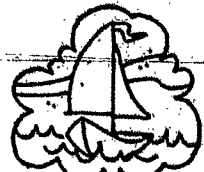

The newly elected officers received congratulations of the membership. Outgoing president, Gilbert Gayaut, received the thanks of the members for serving, not only as a past president, but also as a former 1st vice president and 2nd vice president. Mr. Gayaut had been an officer in the club for the past five years.

Events on the Sideline Club agenda are: Annual Seafood Supper...March 10

St. Stanislaus-Bay High Booster Club Basketball Game...March 23

Annual Fair...May 6 and 7

"We are such stuff as dreams are made on".
W. Shakespeare

Life would be pretty dull if people couldn't dream. Take that boat you're always dreaming about. Just thinking about it makes you feel pretty good. But you won't just have to dream if you buy U.S. Savings Bonds. Because Bonds can make your dream boat a reality. Now Bonds mature in less than six years. Which means maybe it won't take forever for your ship to come in.

PTA Plans Rummage Sale

North Bay Elementary School Principal Billy Sills announced at the February PTA meeting that plans for a rummage sale are being formulated and the executive committee will advise the PTA as to the date and time. The committee is also in charge of advertisement arrangements.

Mrs. Robert McDonald suggested announcements concerning school bag purchases be sent to parents. It was also suggested that the PTA use this idea at the beginning of next year's school session as a means of raising funds for the organization.

A financial report given by Mrs. Ronald Verdon showed a balance of \$100 which represents yearly dues of 100 members at \$1 each. The membership committee is headed by Mr. and Mrs. Roger Stewart.

Mr. Sills said field day would be held April 21 and the

membership voted to have a bazaar on that day. Mrs. Woody Alliston's second grade room won the attendance prize for the month with Mrs. K.G. McCarty's class second highest in attendance.

Open house followed the meeting when parents were given an opportunity to visit the classrooms and meet the teachers. The next meeting is scheduled for 7:30 p.m., March 2 in the school cafeteria. All parents are asked to attend.

Mr. and Mrs. James P. Cousins had as guests last weekend for Nereids parade her son and daughter-in-law, Mr. and Mrs. James Waterhouse III of New Orleans.

Weekend guests of Mr. and Mrs. Henry Capdepon were their daughters Mrs. Lamar Bassett of Pascagoula and Mrs. W.L. Higgins and daughter Janice of Mississippi City.

BRIDGE WINNERS
Winners of games played Monday night in Gulf National Bank's Civic Room by Bay-Waveland Bridge Club were Dale Pierce and Mike Hunt, first; Mrs. Sidney Pugh and Mrs. Gerald Kennedy, second; and Mrs. Dale Pierce and Mrs. Herman Mazurak, third.

POLICE REPORTS

A woman is in critical condition in a New Orleans hospital as a result of a two-car collision Monday afternoon at the intersection of I-10 and Old Spanish Trail, police said.

Mrs. Ondine Corne, 404 Meades Ave. in Waveland, was taken to East Jefferson Hospital where she underwent surgery for a skull fracture Monday night. Mrs. Corne was a passenger in a 1965 Plymouth driven by Francois Corne, 52, same address, who was also injured.

The driver and passenger of the other car, a '72 Ford Mustang, were also injured in the collision and were taken to Hancock General Hospital.

According to investigating Bay St. Louis police Harris Boudreaux and Alvin Favre, the two cars collided head-on as one attempted a left turn at the intersection. Driver of the Mustang was identified as William Schwartz, 25, of Spanish Acres estates and Alex Cospelich, his companion. Cospelich is a 39-year-old resident of Bayou Lacrole Road.

Bay St. Louis police answered 60 calls in the week of Feb. 16 and 22.

Six two-vehicle accidents were reported in that period, five of which were involving minor damage and no injuries.

Police are investigating a burglary reported Monday at the Chicken Hut on Uman Ave. in which entry was gained through a back window. Investigating officers Chief Robert Goodsell and Larry Ladner said about \$50 in change was taken from a pool table in the dining room.

Two wheels and tires were stolen from a 1964 Volkswagen also parked at the Bay Royale.

Hall Of Fame

Stanislaus Will Induct Ten Members

Ten men will be inducted into the first annual St. Stanislaus Hall of Fame on March 11 in New Orleans at the Fontainebleau Motor Hotel. Jerry Forster, program director for WDSU-TV, will be the master of ceremonies for the banquet ceremony beginning at 7:30 p.m. The Hall of Fame is a project of the St. Stanislaus Alumni Association and induction will be on an annual basis.

The ten men to be inducted include three deceased members and seven living members.

BROTHER PETER, S.C.
When an alumnus from 1910-1950 returns to St. Stanislaus and the subject of former brothers comes up, there is one name that is sure to be mentioned. Brother Peter, S.C., was first assigned to SSC in 1906, and from that date until he died, his untiring efforts left an indelible impression on everyone who knew him.

Brother Peter was promoted to the presidency of St. Stanislaus in 1926 and served for three terms as president of SSC (1926-32; 1938-44; 1946-47). He made the school known nationally through his famous talks on "Boysology." Invitations to speak poured in with uninterrupted regularity throughout the remainder of his life. It took the hurricane of 1947 to take away most of the energy and activity of this untiring spirit.

At the end of the 1948 season he was elected to the position of "coach" but nothing that science did could arrest the ravages that disease had made of his rugged constitution. He breathed his last on September 26, 1948, and was buried in the college cemetery at Bay St. Louis.

MR. FORSTER, COMM. MAGERE
In our day of specialized athletic coaching it is difficult to imagine one man handling the head coaching position of football, basketball, baseball and track in one school, but this was the job of Mr. Forster during his stay at St. Stanislaus. To evaluate his achievements, it is far wiser to let his record speak for itself. During no other period in its history did St. Stanislaus enjoy such consistent success in all the major sports.

Mr. Forster came to SSC in 1915 and began his work in the development of the Stanislaus athletes. But his influence extended past the athletic field. His outstanding devotion to duty, his practical Catholic life, and example as a Christian gentleman inspired all. Many were the boys he helped overcome poverty and adversity. This school might be best summarized in the words of Mr. Forster regarding one of the best athletes he trained: "The thing that impresses me is not his football as much as the fact that I have seen him grow into the fine, clean man that I know him to be, and I realize the part football has played in making him just that. I would rather have him, the straight, steady boy I know than an All-American if I had to choose. I

love that boy, and I am happy if I had the least influence in his life."

Forster died on September 15, 1948, and was buried in the Brothers Cemetery at St. Stanislaus.

BISHOP LEO FAHEY '14
Leo Fahey received his early education at St. Stanislaus, graduating in 1914. He also studied at St. Joseph's Seminary, Kenrick Seminary, and the American College in Rome, where he spent one year in Theology before returning to America. Leo Fahey was ordained a priest by Bishop Gerow in Bay St. Louis on May 29, 1924, and he was appointed as an assistant at Our Lady of the Gulf. On June 9, 1941, he was made pastor of Hattiesburg. Then on May 26, 1948, he was consecrated bishop and appointed Coadjutor Bishop of Baker City, Oregon.

His term as bishop was short-lived as he died in Baker City, Oregon, on March 31, 1950. Bishop Gerow in commenting on Bishop Fahey had this to say: "No priest in the diocese ever commanded more respect and admiration from the clergy than Father Fahey. He is universally loved by all who know him - both clergy and laity." St. Stanislaus can be justly proud to have in its Hall of Fame the only SSC alumnus to be consecrated a bishop.

JOHN "BABY GRAND"
John spent ten years at SSC and graduated in 1923. He was a distinguished himself as both a student and an athlete. This is noted in his winning of the Scholarship Athlete Award as a senior. In looking back on his days at SSC, he thinks most often of the spankings he got from Brother Peter which he "appreciated, deserved, and should have had more of." He received a BA degree from Tulane and while at Tulane his honors in football grew. All Southern Guard (1931), All American Mentioned (1932) All Rose Bowl Guard (1932).

John played professional football for one season with the Washington Redskins. He spent sixteen years coaching and one of these was at his alma mater, St. Stanislaus. He then spent sixteen more years as mayor of Bay St. Louis.

COL. FELIX "DOC" BLANCHARD '42
Doc attended St. Stanislaus for his high school education from 1938-1942. He rose to football stardom starting at SSC as he was named to the All Gulf Coast Football Team. Graduating from SSC in 1942, he attended the University of North Carolina for one year. He then went to the United States Military Academy at West Point and established himself as the "Mr. Inside" of West Point football during the World War II era while playing college football as a three-

time All-American and Helmsman, Sullivan and Maxwell Trophy winner.

After his graduation from West Point, Doc spent 26 years in the service as a pilot for the United States Air Force. He logged more than 5000 hours of flying time while stationed in Alaska, England and Thailand.

Five months after his retirement from the Air Force he accepted the position of commandant of the New Mexico Military Institute in Roswell, New Mexico.

NORBERT CARNOVALE '58
Norbert spent six years at SSC, graduating in 1950. He was a member of the St. Stanislaus Band under the direction of Brother Romuald Robitaille, S.C., that won superior (first division) ratings in Concert, Marching, and Sightreading at the annual Mississippi State Band Festival every year from 1945-50. Norbert concluded his high school career at SSC as Captain of the band. In the spring of 1950 he served as co-director with his twin brother (Norman, now deceased) of one of the first jazz concerts to be presented by an all student band in a high school in the state of Mississippi. Norbert received his Bachelor of Music degree from L.S.U. and his Master of Arts from Teacher's College of Columbia University in New York. He is presently completing his dissertation for the doctor's degree in music from the University of Iowa.

Norbert is married to the former Lillian Blum of Hattiesburg, Mississippi. Since 1950 Norbert has been assistant professor of Music Education and trumpet teacher at the University of Southern Mississippi in Hattiesburg. In reacting to his appointment,

he said, "I am grateful to all those persons - too numerous to name - whom all who have touched my life, and because they have made possible what successes I have enjoyed."

HARRY "WOP" GLOVER '52
Wop attended St. Stanislaus for nine years, graduating in 1952. He obtained his bachelor's degree in physical education from Tulane University in New Orleans and his master's degree in Supervision and Administration from the University of Southern Mississippi. In looking back on his days at SSC, Wop recalls his most memorable moments as his participation in the first "Flea and Flee" football game in which he was captain of the Fleas. In the year of his graduation he was named the "Best All-Around Athlete" and was winner of the Jaubert Medal. While at Tulane he was voted the outstanding athlete for 1950 by the students, coaches and athletic director. He also earned four major letters in one year - football, basketball, baseball, track and field - and has been achieved by only two athletes in the history of Tulane.

On June 22, 1942, Wop married the former Marie Campbell and they live at 2601 Beaulieu St. in Metairie, Louisiana. In giving his reaction to being named to the Hall of Fame Wop had this to say: "I am grateful to all those persons - too numerous to name - whom all who have touched my life, and because they have made possible what successes I have enjoyed."

MARCHEMONT "MARCHE" SCHWARTZ '27
Marche attended St. Stanislaus for ten years, graduating in 1927. He went to Loyola of New Orleans and then on to Notre Dame where he obtained AB and LLB degrees. He played football under the famous Knute Rockne and was named an All-American in 1930 and 1931.

While at Stanislaus he received letters in football, basketball and baseball, in addition to being a good student in school. In recalling his most memorable moment came when he broke the American Javelin Record in 1925 with a throw of 213 feet. He was also captain of the football, basketball, and baseball teams at SSC.

Zeke's career in professional baseball was quite remarkable. He was the most valuable player in the Texas League in 1933. He played five years with the Chicago White Sox, and with Washington in 1938; the New York Giants in 1940. He was drafted into the service in 1941. He was the most popular baseball player in Chicago in 1936 and 1937.

Zeke is now retired and does some Major League scouting in the summer. He raises beagle dogs and is the president of the South Louisiana Beagle Club in Fort Sulphur, Louisiana. He is looking forward to his induction into the SSC Hall of Fame. His present address is 7141 Benson St. in New Orleans.

to the Hall of Fame. Norbert said, "I am grateful to all those persons - too numerous to name - whom all who have touched my life, and because they have made possible what successes I have enjoyed."

While at Stanislaus he received letters in football, basketball and baseball, in addition to being a good student in school. In recalling his most memorable moment came when he broke the American Javelin Record in 1925 with a throw of 213 feet. He was also captain of the football, basketball, and baseball teams at SSC.

Zeke's career in professional baseball was quite remarkable. He was the most valuable player in the Texas League in 1933. He played five years with the Chicago White Sox, and with Washington in 1938; the New York Giants in 1940. He was drafted into the service in 1941. He was the most popular baseball player in Chicago in 1936 and 1937.

Zeke is now retired and does some Major League scouting in the summer. He raises beagle dogs and is the president of the South Louisiana Beagle Club in Fort Sulphur, Louisiana. He is looking forward to his induction into the SSC Hall of Fame. His present address is 7141 Benson St. in New Orleans.

memorable moments at St. Stanislaus. Marchie refers to the "Pacifica" and athletics.

Upon graduation from Notre Dame Marchie spent some years in coaching football and today he is senior vice president of Transamerica Title Insurance Co. in Oakland, California. Marchie and his wife Rosemarie have five children: Mary, Jane, John, James, William and Phoebe Ann.

In speaking of his induction into the St. Stanislaus Hall of Fame, Marchie says "It's a wonderful honor and I am looking forward to being with all of you on March 11, 1972." Marchie and his wife presently live at 12 Blackberry Court in Lafayette, California.

BROTHER ATHANASIOS MOONEY, S.C.

Very often when an alumnus returns to St. Stanislaus to see the school and visit the Brothers, the first person he inquires about is Brother Athanasios (or as he is more affectionately known "Mooney"). Indeed this is more than understandable since Brother Athanasios has spent over twenty-three years at SSC as a teacher, prefect, steward of the dining room etc. He is probably remembered most for his work with students after school hours in keeping the SSC campus a place of beauty. Since 1964 when he suffered a stroke Brother has remained at Stanislaus and is still a source of joy to all with his cheerfulness.

Brother Athanasios entered the Brothers of the Sacred Heart on July 6, 1920. In August, 1970, he celebrated his fiftieth anniversary as a Brother. His teaching assignments have been in Natchez, Mississippi; Muskogee, Oklahoma; Metuchen, New Jersey; Mobile, Alabama; Alexandria, New Orleans; and Thibodaux, Louisiana; and Bay St. Louis. Since 1948 Brother Athanasios has been at St. Stanislaus and his interest in the school during these many years surely

Hawks Capture Tourney

HAWKINS NORTH CENTRAL "HAWKS" are shown here with their District Trophy. The HAWKS took the game from the Tomcats and they look forward to the South Mississippi Tournament at Lauderdale.

The Hancock North Central Hawks, under Coach Roland Lader, trounced the Stone Tomcats 72-51 Saturday night to claim the District Eight A Championship trophy.

Before reaching the finals the Hawks edged Purvis Thursday night 61-57 and D'Iberville 100-68 in the semi-finals Friday night.

In Thursday night's action, Hancock took a 15-11 first period lead over Purvis, but Purvis came on strong in the second period to carry a 26-25 lead into the dressing room at halftime.

The Hawks outscored Purvis 11 points in the third period to take a ten point 46-36 lead into the fourth quarter. Purvis outscored the Hawks six points in the final period but it was not enough to overtake the Hawks. Danny Martin netted 20 points, O'Neill Cuevas 17, and Jamie Lader 10 for Hancock. Hudson led Purvis with 17.

Friday night the Hawks grabbed a quick 27-12 first period lead over D'Iberville and rolled on to hit one hundred with two seconds left on a free throw by David Necaise. Danny Martin led the Hawks with 23, followed by O'Neill Cuevas with 14, Jamie Lader and David Necaise with 13 each and Kenny Seals with 10. Ken Parker led D'Iberville with 34.

In the finals Saturday night, Stone fought hard, but never secured the lead as the Hawks had a 34-26 score at halftime.

In the last half Hancock quickly extended their lead to 54-37 going into the final period and a final score of 72-51. O'Neill Cuevas got 19 for Hancock, David Necaise 15, Danny Martin 12, and Kenny Seals 11. Daryle Stringfellow led Stone with 16.

O'Neill Cuevas, Danny Martin and Kenny Seals represented Hancock on the all district team.

Both the Hawks and Tomcats will represent District Eight in the South Miss. Class A playoff at Northeast Lauderdale this week.

KANTCHA KETCHUM
 By L.S. (Doc) Elliott

From the look of the weather over the weekend it seems like we are in store for some beautiful weather in the near future. The thermometer was down in the 30's for about three days in a row with the lowest tides yet this year. Water out front was way out and most local canals were almost dry, making fishing near impossible and the water still dirty from the continued rains.

Very few fish, both fresh and salt water were caught. Winds were extremely high. However, there was a warmer trend over the weekend and things look better for fishing in general from now on.

SPORTSMAN OF THE WEEK
BILL KARI does mostly fishing but hunts occasionally. Bill is another fisherman from the Big City who spends a lot of time in Waveland with his fishing buddies. Keep catching them, Bill.

Oyster boats were kept at their docks unable to go out in the rough water. Oysters are scarce, and the ones caught are still on the fresh side. Fish markets are having a hard time getting fish and oysters for their customers.

Fishermen took advantage of the situation to repair and overhaul their boats for good luck ahead.

Andy Anderson and a group of friends, Don O'Farrell, Clark Barnes, Capt. Red Shields, Tommy Roan, Elwood Coleman and Ed Fealney came over from New Orleans to help Andy raise his big pleasure boat which had sunk. The task was accomplished after a lot of hard work. The boat is now floating again and ready to go. Andy and Fealney have camps out in Shore Line Park which they share with their friends. Wait a little longer fellows and fishing will be good again.

Howard Carver said his newly built boat is ready for the new engine to be installed. Howard will share his boat with his friends. Some good fishing trips are in the making.

A number of our local fishermen, after mulling over with all the rains lately made these statements:

Donald Strong and Johnny Farve said: All they have been catching lately are crayfish. They are waiting for soft crabs to start giving.

Uncle Bud Sailer said: "It's disgusting not to be able to go fishing."

M. F. Case said: "I'll be back when the fish start biting." M. F. lives in Hattiesburg.

Dick Mosley said: "It's not fair."

hasn't been fishing six months. Raring to go."

Alden Mauffray said: "I'm still going to try them out."

Jary Noto stated: "I don't care much about fishing but I love to play the ponies." Didn't do too hot on my last time out.

Mr. and Mrs. Ray Hoffman and the family paid us a visit Sunday. Waiting for the good old summer time when they can do some fishing and soft crabbing.

The election of officers of the Pass Christian Golf Club was held recently.

Russell Elliott was elected president of the Club. Ed Holmes, Vice-President; Ed Penneguy, Treasurer; Lucien Kidd, Secretary; Red Rehnke, Grounds Keeper; Ed Mathews, House Chairman; Mac Brown, Tournament Chairman; Dewey Stewart and Mr. Watson, Co-Chairmen.

The course is in excellent condition and great events are planned for the coming year. If you are a golfer get in touch with any of the above men. New members are always welcome.

Mark, Mathew, Marshall and Morris, Jr. are sons of Mr. and Mrs. Morris Daniels. They expect to enjoy fishing, soft crabbing and what have you doing the summer holidays.

Neutras are plentiful just now. They are trapped and sold for their fur. Over 94 were brought in last week by two young trappers.

Bay High Tiger Band Achieves Excellence

Band members at Bay Senior High have had a busy school year—one that included many awards, and honorary invitations.

In October, 1971, the band entered the Gulf Coast Marching Festival in Gulfport and was awarded excellent ratings. In November, they again received excellent ratings at the Greater New Orleans Marching Contest and were invited to Tulane University's Homecoming Parade.

John Frick and Ken Rayborn represented Bay High at the State Band Clinic held in December in Biloxi. Members of the band also attended the Gulf Coast Clinic and the

Lumberton Clinic.

Ken Rayborn and Sharon McKenna were judged superior on the memorized solos at the State Solo and Ensemble Contest.

The Tiger Band marched in the Nereids Parade and plans to repeat its performance in the St. Patrick's Day Parade on March 10.

Not finished yet with its musical duties, the band will travel to Raymond, Miss., in April where it will be judged in marching, concert, and sight-reading.

A spokesman for the Bay High Band Booster Club praised the band saying, "The Tiger Band has brought many honors

to the community. They deserve all the credit and support we can give them."

Members of the Tiger Band include:

(Seniors)
John Frick, Amy Hartnett, Eileen Howe, Sharon McKenna, Chari McIntyre, Mike Hansen, Mimi Vaughn, Doug Williams, Elaine Hall and Wade Stevens;

(Juniors)
Paul Backe, Terry Bounds, Mark Graig, Maria Loup, Terri Moran, Bobby Perkins, Ken Rayborn, Leja Rutherford, Cathy Starla, Kathleen Statler, Terry Tate and Willis Warren;

(Sophomores)
Ken Adam, Mike Chevis, Brenda Ferrell, Hank Fleischmann, Candy Ladner, Mark Lauderdale, Joy McCollough, Terry Rutledge, Luke Scianna, Bill Stretchings, Julie Simms, Henry Wilkinson and Christa Hall;

(Jr. High)
Bruce Bourgeois, Kathy Burton, Niles Blalze, Ronald Hall, Debra Langenbacher, Eric Nichols, Don Rutledge, Larry Smith, Peggy Smith, Anthony Sones, Owen Williams and Arthur Knight.

was on February 6. Patches is the daughter of Mr. and Mrs. Vester Ladner.

Mr. and Mrs. Lee Cuevas and daughters, Darlene and Brenda, spent the week-end in Pascagoula, with Mrs. Cuevas's mother, Mrs. Hazel Mauffrey. They also attended a birthday party for Timmy Brister, nephew of Mrs. Cuevas.

Get well wishes to Mr. Loren Necaise and Mrs. Effie Cuevas, who have both been hospitalized in Olen Crosby Memorial Hospital in Piquette.

Deepest sympathy to the families of Mrs. Beasle Woods and Van Lutsch, who recently passed away.

RISKS WERE TOO HIGH IN TUNG PRODUCTION, AGRICULTURIST REPORTS

Hurricane Camille's destruction of the tung oil industry primarily in Pearl River County, Mississippi, may have been a blessing in disguise, according to PEARL River County Agent Roy Fowler in a radio interview for the MFBB farm radio news network last week.

Tung farms are rapidly finding beef cattle more profitable, declared Fowler at the Dixie National Livestock Show at the Coliseum in Jackson last week.

Tung farmers were losing their crop due to late freezes and frosts more years than they were scoring, the county agent said, and experiments in late blooming varieties could only bring improvements in certain cases. Another factor in the loss of the industry on the heels of the hurricane was the difficulty in securing and maintaining national support prices when tung growers were such a minority group.

Farm Bureau helped the tung producers in their efforts to get national supports. Fowler asserted, but competition from other oils, other nations, and extreme temperatures in late spring were too much for the industry.

Related birthday wishes to Patches Green, whose birthday

"The God who gave us life, gave us Liberty at the same time"

Thomas Jefferson

Get Behind This Man...

Our Uncle, My Uncle - Uncle Sam as a personification of the United States was born during the War of 1812. Perhaps he came into being because he was needed to symbolize the greater maturity of the still young, but rapidly growing nation. He derived from an actual person, a man who lived through those troublous times, meat packer Samuel Wilson of Troy, New York.

Uncle Sam remained a largely oral tradition, with occasional references in print, until the era of the Civil War. During that period, political cartoons were becoming popular and cartoonists began drawing him as an Abraham Lincoln type.

Uncle Sam is above all a human being. Freedom is his philosophy, and all the wordy dialecticians of the left and right will never sway him from this, the central core of his being.

As the living symbol of individual freedom, Uncle Sam demonstrates an adaptability and a fertility of resource which sugar well for him and his principles in the space age. Let's get behind this man!

Miss Gibbons Will Wed Mr. Matthews

Mr. and Mrs. Curtis Blaize Favre announce the birth of their 11th child and ninth son, Ron Gabriel, February 17, in Hancock General Hospital. He weighed eight pounds, 15 ounces.

Mrs. Favre is the former Jessie Dahl, daughter of Mrs. Bertha Dahl of Bay St. Louis, and the late Fred Dahl. Mrs. A.G. Favre Sr., also of this city, is the paternal grandmother.

A girl, Tammy Terrial, was born February 7 at Hancock General Hospital to Mr. and Mrs. Russell Joseph Fairconnetue. She weighed five pounds, five ounces.

Mrs. Fairconnetue is the former Dallas Veronica Jones.

Mr. and Mrs. Lewis Edsel Gibbons of Waveland announce the engagement of their daughter, Gale, to Pat Matthews, son of Mr. and Mrs. O.T. Matthews of Florence, Miss.

The wedding will be solemnized March 18 at 7 p.m. in the Star Baptist Church in Star, Miss., with pastor Reverend A.J. Pace officiating.

Miss Gibbons is the granddaughter of Mr. and Mrs. Travis Sullivan of Waveland, formerly of Jackson and the late Mr. and Mrs. William F. Gibbons of Mt. Olive, Miss.

Mr. Matthews is the grandson of the late Mr. and Mrs. Levi Campbell Matthews of Star and the late Mr. and Mrs. Milton

Walters of Forrest, Miss.

The bride-elect is a graduate of Bay Senior High School and Jackson Commercial Business College. She is presently employed by the First National Bank Jackson in the Trust Department as a private secretary.

Mr. Matthews graduated from Florence High School and Copiah Lincoln Junior College. He will receive a B.S. Degree in Business Administration from Mississippi College in Clinton, Miss. in May. He is employed by Tucker Printing House Jackson, Miss.

Engagement Announced

Mr. and Mrs. Albert Daniel Blehl Jr. of Bay St. Louis announce the engagement of their daughter, Betty Marie, to AIC Gayland B. Graumann, son of Mr. and Mrs. David Graumann of Oklahoma City, Okla.

The bride-elect is the granddaughter of Mrs. Albert Blehl Sr. of Bay St. Louis and the late Mr. Blehl, and Mrs. W.R. Rogers of Jackson, Tenn., and the late Mr. Rogers.

Miss Blehl, a graduate of Bay Senior High School, is presently employed at Hancock General Hospital.

Mr. Graumann graduated from Classen High School, Oklahoma City. He is presently stationed at Kelly Air Force Base, San Antonio, Texas.

The wedding will take place March 15 at 5:30 p.m. in Our Lady of the Gulf Catholic Church. A reception for the bridal party and immediate families will follow.

4-H Members Hold Meeting

Waveland 4-Hers met last Thursday afternoon in Waveland Methodist Fellowship Hall with their leaders Mrs. Maurice George, Mrs. Henry Suller and Mrs. Norma Fuchich.

The girls worked on their dress and apron sewing projects. The new sewing machine given by Clarendon Harbor Extension Homemakers Club was received by the group.

The Club will meet at 2:30 this afternoon in fellowship hall. All members are asked to attend.

FORAGE TESTING

Have you had your hay or silage tested? Forage provides 50 to 70 percent of the total feed required by cattle. It is impossible to use the right protein content grain ration for your dairy cows when the quality of 70 percent of the feed is unknown.

Last year only 23 percent of the hay samples tested in Mississippi rated good or ex-

cellent, while 77 percent rated fair to poor. Of all silage samples tested 47 percent rated good to excellent and 53 percent fair to poor.

These ratings tell us that we need to do a better job in our hay and silage production, harvesting and storage.

UREA NITROGEN

Under most conditions urea is just as satisfactory a source of

nitrogen as any other form. Anytime it is put in the ground it is just as good as ammonium nitrate. Eight losses of the nitrogen in urea have occurred when it was applied in early spring to permanent pasture sods.
